### HOOPER BEST MAN AT BAPTIST SCHOOL

Shawnee, Jan. 8. (Special)—In a popular voting contest just staged by the Oklahoma Baptist University Yanch, Herschel Hooper, football half-back, basketball forward, junior in college and a member of the Emethian society was named as the best all-around man in the university. Hooper is from Beaver City, Okla.—Daily Oklahoman.

Herschel Hooper is the son of Mr. and Mrs. Will Hooper of this city. He spent his vacation here last summer and also the Christmas holidays. Mr. and Mrs. Hooper have not resided in Beaver long but have made many friends since moving here. Although Herschel Hooper is not known to many people here he is highly esteemed by all his acquaintances and Beaver is justly proud of his splendid showing at the Oklahoma Baptist University.

### METHODIST CHURCH NOTES

Revival now on at the M. E. church. Are you doing your part to help?

### GARBER FOR CONGRESS

Enid, Okla., Jan. 12.—Announcement has been definitely made here that Judge Milton C. Garber, of this city, will make the race for the Republican congressional nomination of the eighth district.

For some time past, friends of Judge Garber, both in Enid and over the district have been urging him to make the congressional race and he has finally consented. Campaign headquarters are to be opened in Enid immediately and the campaign for "Garber for Congress" will be waged continuously over the entire district until the August primary election.

His friends and supporters here are confident that his candidacy will appeal favorably to the Republicans of the district and have every assurance that he will be nominated by a large majority.

Judge Garber is widely known as a public man and political leader, his qualification and eminent fitness for congressional duties being generally recognized. He served as federal judge in the old fifth district prior to statehood in 1907 and afterward served until he voluntarily retired as judge. He was elected mayor of Enid in 1919 by a vote of 2,880 for himself to 816 for his opponent, this greater vote showing the high degree of his popularity at home.

Judge Garber came to Garfield County at the opening of the Cherokee Strip in 1893, taking a homestead in the run, his farm constituting the present site of the town of Garber. He followed the plan in those early days, before the riding plow or tractor was thought of, working from sun to sun in the field, doing his full share of the physical labor necessary to the development of this great new country.

It was there that he first took part in local activities which later developed his powers as an orator, in which accomplishment he now excels. The passing years have ripened his judgment and with his natural ability as a debater and orator, he is equipped to catch and hold the attention of congress and the nation reflecting credit upon himself and honoring his constituents in the eighth Oklahoma district.

The announcement of Judge Garber's candidacy naturally creates a great deal of enthusiasm here and the belief is general that he will be found acceptable to the people of the entire district.—Political Advertising. 1-12 1tpd.

### DON'T "DOPE" YOUR BATTERY

In the old days, gasoline economizers were quite in style with the get-rich-quick fiends. They were much more common than they are now. One could buy them in powder, tablet or liquid form and probably administer them in homeopathic or allopathic doses—for the effect was just the same.

As long as the car owner was very careful to have the carbon removed from the engine cylinders, the valves ground and the carburetor adjusted, and then apply the so-called economizer to the fuel tank, he was certain to get greater mileage, per gallon of gasoline. And no wonder!

The same thing applies to the present day storage battery "rejuvenators," "recharging solutions" and what not, that are being sold as mysterious compounds and wonderful discoveries which recharge your storage battery in twenty minutes. Any battery service station can do the same thing by doping a battery with strong acid—but they know the harmful effect of such treatment.

The surprising thing is the willingness of many people to pay fabulous prices, three to five dollars being asked for a single application of these dopes when most storage battery service stations would do the same thing for twenty-five cents.

There is nothing mysterious about pouring strong acid solution into a discharged battery and having it operate in twenty to thirty minutes afterwards. Any service station can do that, but the normal way to recharge a battery is to pass a current of electricity through it and avoid injuring or shortening its life. The quick way is to pay three to five dollars for about twenty-five cents worth of strong acid, and then suffer the consequences. 1-12 1tpd

Miss Lois Quinn left Monday morning for Leedy, Oklahoma, where she has accepted a position in the high school. Miss Quinn was a successful teacher in the Beaver high school last year. She did not accept a position earlier in the year as she had planned to attend the Agricultural and Mechanical College at Stillwater. On account of illness she was obliged to give up her college work for this year. As her health is greatly improved, she has accepted this position at Leedy. Beaver friends will wish her success in her work there.

### COURT HOUSE YARD TO BE IMPROVED

The stakes were set Wednesday and active work will be begun soon on the court house yard, which is to be improved at last. L. K. Forde, county engineer, has charge of the improvements and the grading and cement work will be done by W. E. Williams, of Rosston, who is now in charge of the bridge work east of Beaver.

A walk will be built along the north side of the court house extending west to the Methodist church and joining the walk by H. N. Lawson's abstract office, coping will be built along the east side and walks and other improvements made. Grass and trees will be planted which will add to the beauty of the lawn.

Beaver county has waited long for these improvements and the waiting has not been in vain. It would be hard to find a more ideal location for a court house than the present one. Built as it is upon a hill it is brought into prominence and can be seen by people approaching it ever long before the town itself comes into view. It is to Beaver what monuments and statues are to other places. It is like a guiding finger pointing the way to the county seat. What is the disappointment then when one arrives in Beaver to find only bare ground, rough paths and a slightly aspect of the grounds surrounding the administration building of Beaver county. It is no rare thing for transients in our city to comment upon the excellency of our court house and compare it very favorably with those in county seats much larger in size than this one. Indeed, we have a fine building and all that is needed now to transform it into a spot of beauty second to none in the State is the reclamation work to be begun soon by our competent county engineer.

Ere long we can hold up our heads and point to the court house emblem of Beaver county with pride and say for it will no longer be an eyesore to the good people of the best county in the State!

### ANOTHER STILL BROUGHT IN

Last Saturday afternoon Sheriff Bridgewater and Deputy Karnes placed Mr. and Mrs. S. E. Betts under arrest, who resided in the Albert Anthony property in Beaver, for the illicit manufacture and sale of liquor. They found a still of crude construction and four quarts of liquor. Mr. Betts pleaded guilty and was given the limit of the law, which is five hundred dollars fine and six months in jail. Mrs. Betts was released.

### DROUGHT BROKEN

A drought of many months was broken Monday night when a one-half inch rain fell. A slow, drizzling rain set in about eight o'clock which continued throughout the night, except for a short time during which the wind came up and blew fiercely. Some little damage was done in town, a portion of the front and porch of the Flanchard building was torn loose and blown down, and a plate glass window in the Niles building was broken. The rain came as a Godsend to the country and people in Beaver and the surrounding country are wearing a smile that won't come off.

Miss Carrie Smith came home from her school last Friday evening. She spent Sunday with Mrs. Grant Couch west of Beaver and returned to her boarding place from there.
